FRIDAY, 8—P. M.

The 32nd annual meeting of the General Board of the Woman's Home Missionary Society of the Methodist Protestant Church convened in Victory Memorial Church at Indianapolis, Indiana, May 8. The devotional service was conducted by Mrs. G. A. Rhoades of the Indiana Branch, a delightful song service was used in connection with the devotion. Mrs. Rhoades used as her Scripture Lesson, the 14th chapter of St. John. Prayer followed by Mrs. Badger and Mrs. Gilligan of the Maryland Branch. Greetings were extended by the pastor, Rev. G. L. Farrow, of the hostess church. In extending a very cordial welcome, Rev. Farlow referred to the activities of the Society, educationally, as well as from a religious standpoint. He spoke of the activities of the Woman's Home Missionary Society and especially commended the society in the work it is doing in training the young people for service. He expressed gratification over having the Board meet in his church. The doors of the church and hearts of the people were thrown open to the visitors. Mrs. J. A. Linthicum of Baltimore responded in a most delightful manner in which she sounded the keynote of giving service and money to God. She recited a beautiful original poem bringing in the people of this and other nations and urged the Woman's Home Missionary Society to live in such a way as to hear the words, "Well Done." She voiced the sentiments of the delegates from the various states, in expressing gratitude for the warm reception which had been accorded them by the pastor, members of the local church, and of the Indiana Branch. They are typical examples of the splendid mountain people who are longing for opportunities for bettering conditions in life.

Miss Brown, who is a Missionary worker among the foreign speaking people in the Ohio Valley was introduced and gave a brief report of the work which she is doing for the people. She said that God first put a task in the hearts of the people and next into their hands. Miss Brown

in closing said that one of the greatest needs was generous friendship, another, pleasure. Empire is a town of seven hundred population, sixty-five per cent of which is foreign. Miss Brown assured the audience that the need is great and the opportunity is ripe for splendid Christian service. REPORTS

REPORT OF CORRESPONDING SECRETARY

Madam President, Members of the Executive Board and Friends of the Woman's Home Missionary Society:

The clamor of the day is for trained leadership, and in every department of the world's work there is an increasing and constant demand for trained workers. In our work, enthusiastic leadership is a necessity and it is our hope and belief that we are awakening to the responsibilities that are before us.

In the past few years, we have advanced to a wonderful degree and already, many more are eager to cooperate with us; they are interested in the success of those things which our program stands for. This was proven recently at a certain conference by a pastor who desired to have a part in our activities. He stated that he was on a circuit consisting of four churches, and that he had organized three W. H. M. S. and was ready, and planning to organize the fourth in the near future. If such cooperation were general, it would not be long until every church would be organized and our program would be reaching our entire constituency. A dream worth while is it not, to reach a large force of people who will undertake to educate and christianize a group of young people having the power to develop high ideals and strong christian characters that will not only mean the finest thing in the world to them, but will benefit us nationally as well as denominationally?

The greatest advance this year in our work is in increased membership. We have 55 new auxiliaries, 1198 new members, making a total of 295 auxiliaries, 8917 members. While it would be impossible to record the full results of the most gratifying progress we have made during the past year, we

hope the influence will be far-reaching. The Secretary has endeavored to answer every call that has come, and has visited in both Ohio and Michigan Conferences: Connelsville, New Brighton, Cambridge, (Ohio), Washington, (D. C.), and a number of local churches. The correspondence has grown much heavier, and with 55 new auxiliaries, inquiries are coming in constantly. Miss Shaffer and Miss Reed have been unusually successful in organization work, and we have two new branches; the Eastern Branch, and the Mississippi Branch. The Eastern Branch has over 500 members, and the Mississippi Branch has 245 members. These auxiliaries will require special care, for in the Western States we find that even the leaders are inexperienced in missionary work.

As we face these new conditions which need very careful consideration, we realize more and more that we should have someone appointed whose sole business would be to keep in touch with all new work, and to correspond with leaders at regular intervals, for those who have had no experience feel lost in a sea of perplexity. This responsibility rests with us, and many new organizations fall by the way-side because of it, and we do not know of it until it is too late.

We all recognize that a program is one of the great helps that develop the individual auxiliary, but it is useless unless the material suggested makes an appeal to the individual member. The demand in literature seems to be for short leaflets, and stories that can be used in the Auxiliary meetings regarding the work and the workers.

In regard to the further development of the Pine Ridge work, we are increasingly grateful to Dr. and Mrs. Woodford for their splendid achievement, their devoted sacrifice of time and self. Words fail when we think of their mountain-top development and the W. H. M. S. may be justly proud, not only of the school, but of all of those whose energy and faith made it possible. To have organized two such works as the Children's Home and Pine Ridge work ought to be an incentive to every Methodist Protestant, to give to the work loyal support, since the Father smiles upon us and blesses our efforts.

The Pittsburg Mission still labors to lift the burden and lighten the load of many a foreign mother in helpfulness in the home, in visits to the sick, in helping the factory girls, in providing and suggesting new outlets for undeveloped genius, and some lines of the work accomplished are on exhibition here where you may view the result which speaks for itself.

Our work among the foreigners in Ohio under the leadership of Miss Brown has already, in nine months, made a creditable advance, and in the making of new Americans has progressed to such a degree that we are to be congratulated in the securing of such leadership.

In the Field Work we are fortunate indeed to have the devoted energy of our director, Mrs. Badger, who gives unswerving, whole-hearted, service to it.

That the increase in our number of members and auxiliaries is due to her undivided attention to this phase of the work is not to be questioned. The branches generally, have shown increased effort and growth, but a few are standing still or have fallen a little behind. This ought not to be, and we hope the day may soon come when we may have a Field Secretary whose sole business may be to strengthen the weak places and rejuvenate those auxiliaries which need help and encouragement. This is especially needful in the Southern and South-Western States, and when we can put a worker in that field to remain, we will have accomplished a long felt want, and develop a missionary zeal that will build us up denominationally as well.

While all of the reports have not been sent in, the following table will give a summary of the whole, though incomplete.

PINE RIDGE

Additional Items

Rev. A. R. Corn of Michigan helped us in our grove meeting in August, 1924, and Mrs. A. G. Dixon spent a week with us in decision services in March, 1925. Both of these meetings were blessed of God and altogether there were about sixty conversions and nearly that number joined our church at Pine Ridge.

Not as much evangelistic work has been done at outlying points the past year as we did the previous year, for two reasons. First, the increased number in the school has required more attention to be given to Pine Ridge and we have not had as many workers for that kind of work as formerly.

We will be glad to welcome visitors at Pine Ridge through July and August. Our charge for room and board will be \$1.25 per day.

The first two weeks in August, we will have a very interesting series of meetings in our Tabernacle.

EVIDENCES OF GROWTH AT ALVAN DREW SCHOOL

In six years we have grown in acres of land, from 42 to 125; in number of buildings, from 4 to 12; in value of property, from \$10,000 to \$35,000; in regular salaried workers, from 2 to 11; in boarding students, per year, from 12 to 110; in total enrollment of scholars per year, from 64 to 154; in amount received for board and tuition per year, from \$440 to \$8,890; in largest receipts for any one month, from \$99 to \$1278. Total number of girls and boys who have attended our school in six years, 351; coming from six states, sixteen counties.

NEW BUILDING

In order to take care of our growing High School, it is absolutely necessary that we have another school building. Our need was presented at the Board Meeting in Indianapolis and our plans for a suitable building were approved. Since the Board meeting, we have been getting estimates on material and labor.

"S. O. S. !"

Friends of Pine Ridge:

We are now ready to begin ordering material for our Academy Building. If we can discount our bills, it will mean a saving of hundreds of dollars.

Our bill for brick alone will run over \$3,000.00

Each brick put in place in the wall of the new building, plus the mortar

and work, will cost just about five cents.

How many brick will you pay for?

We hope to lay the cornerstone early in August. In that stone, we want to place a list of every person, society or class that will contribute five dollars or more to this building and we also hope to publish the list in our Ecoster.

Please remember the money is needed at once or as soon as possible. It is the wish of the W. H. M. S. that special gifts for this building be sent direct to me.

We are looking to Him who has given us victory thus far and we are sure His promise in Phil. 4:19 will always be verified.

How much does He want you to cooperate?

God help each one of us to do our part and give us increasing joy in doing it.

Sincerely,

T. R. WOODFORD, Supt.,

Pine Ridge, Wolfe County, Ky.

REPORT OF PITTSBURGH MISSION

The work among the foreign children of the section of our City known as the Strip, grows with interest as we watch the development of these boys and girls whom it has been our pleasure to work among for the past several years.

Many have been in the mission since the beginning, and when a family leaves the community we try to show our interest in them by correspondence. We keep in touch with about one hundred, (100) families by Visitation, Americanization Classes and Sunday School. The group of married women and older girls, numbering about twenty-seven (27), cannot be called factory girls, as we have two telephone operators, four stenographers, one sales-woman and five others studying stenography. This group has learned to make their own dresses and trim hats. Through the Social Worker at the West Penn Hospital arrangements have been made whereby mothers may take their babies to the clinic. The class in Hygienic Nursing is well attended and is taught by a worker from the Red Cross. The Sunday School enrollment is about one hundred and twenty-five (125). The attendance varies according to the attractions in the neighborhood. During the summer months the parks and ball grounds lure the scholars and the attendance drops.

The Christmas Season is always a bright spot in the lives of the children. This year the older girls were given bowls of bulbs and they watched the coming of the blooms with much interest. The younger children were given candy, popcorn, toys and other things.

AUDITOR'S REPORT

I have examined the Treasurer's accounts from May, 1924, to May 1925, and find them correct.

MRS. T. R. MATTHEWS, Auditor.

METHODIST PROTESTANT CHILDREN'S HOME

High Point, N. C.

Since the last report from our Children's Home many changes have taken place. In fact, almost the whole staff of workers has changed, and we trust the changes have been for the best interest of the Home.

In November Mr. H. A. Garrett, who had served as superintendent of the Home since its establishment at the present location more than eleven years before, resigned, and Rev. E. G. Lowdermilk was elected as superintendent, Mr. Garrett being retained as associate superintendent. Mr. Lowdermilk is a member of the North Carolina Annual Conference, and was in the active ministry when chosen. He and his wife are consecrated Christian workers, and I am sure they will put their best efforts into the work.

Miss Millie Bowman, who had served the Home so long and so faithfully as matron in charge of the kitchen and dining room in the Girls' dormitory, was advised by her physician following her serious illness last spring to give up her position as matron as her strength was not sufficient to permit her continuing the work. Miss Martha Parsons is now in charge of this work. Miss Bowman still continues her Bible classed and directs in some of the other work.

The Home family having gotten so large and the sewing and the mending so heavy it was decided that the sewing room require a whole time matron and in September Miss Lillie Meroney took charge of this work and has proved very efficient.

The first of March, Mr. J. A. Dixon was employed to superintend the farm. He and the boys are busy with the spring planting. He and family live in the Penny Building with the boys. Mrs. Dixon looks after the dormitory while Mrs. Cora Vuncannon continues as matron of the kitchen and dining room.

Since the number of children of school age has increased it was found necessary to employ three teachers this year. The school has progressed nicely under the direction of Misses Hull, Richard, and McManus.

The literary societies continue their work and have furnished many interesting programs for the entertainment of the family.

The Junior and Intermediate Christian Endeavor Societies hold their meetings every Sunday evening. The Young People's Society has been somewhat irregular in its meetings the past winter as the boys and the girls preferred to attend preaching at High Point College. This is the new Methodist Protestant College, located one mile from the Home. We felt that the children would derive more benefit from attending these services and associating with the college students than remaining at home for the C. E. meetings every time. Six children recently joined High Point church where they attend church and Sunday school every Sunday morning.

The number of children in the Home remains about the same. Since the last report three girls and two boys having reached the age of eighteen have gone out and others have been received to fill the vacancies. Two of the girls and one of the boys who left are continuing their education and the others have secured positions.

Aside from the illness of Miss Bowman last May the health of the Home family has been good. In July one girl was operated on for appendicitis, then in the winter we had a few mild cases of flu, but no serious sickness in all the large family.

One evening in February the Home sustained its first heavy financial loss when its large stock and feed barn was destroyed by fire. While the boys were feeding and milking fire was discovered in the hay. The boys had barely time to get the stock out before the roof fell in. In spite of all this loss we have much to be thankful for as no one was injured.

We hope those who are able will help replace the barn as it is our greatest need.

Mr. Garrett and I are profoundly grateful to all friends of the Home for their loyal support during our administration and wish for our successors the same co-operation.

MRS. H. A. GARRETT.

BETHEL HOME

Bethel Home at Weaverville, N. C., is a Christian home for tubercular men of moderate means. Its object is to provide a place where the necessary comforts for patients may be obtained at a minimum cost; a place where the spirit of good fellowship and good cheer, so vital for tuberculous cures, is maintained in an environment conducive to spiritual growth.

The home, and his own services as Superintendent, Rev. Homer Casto gives to the cause. He receives no salary, and there are of course, no profits. Part of Mr. Casto's work is to raise funds to care for the men who are in want. The Home, located on Hamburg Mountain, commands a fine view of the French Broad Valley and Blue Ridge Mountains. Since it was established five years ago patients from twelve states have been cared for; quite a number of these are now at work making their own living. There has been a few women patients, and when the new cottage is built, there will be permanent

room for them. The property consists of three acres of land, and one seven-room house, with large sleeping porches and all modern conveniences. The work has been largely supported by Mr. Casto's personal friends, the only organization contributing is the Woman's Home Missionary Society. A personal gift to Mr. Casto of \$10.00 by a little boy, whose mother died at Bethel Home, forms a nucleus for a building fund for a woman's cottage, where a house mother and needy patients may live. Address communications to Rev. Homer Casto, Weaverville, N. C.

REPORT OF CENTRAL COMMITTEE

The Central Committee submits the following report:

Meetings have been held monthly throughout the year, and the following business transacted:

Mrs. A. P. Badger was elected Chairman of Central Committee, and Mrs. E. A. Craig Secretary.

Dr. Woodford's reports were received each month, read and proper action taken.

Also reports from our organizers, Miss Shaffer, and Miss Read, and Miss Brown, our worker at Empire, Ohio.

Lack of funds in the Treasury was often a source of great trouble and on several occasions money had to be borrowed to meet expenses.

Mrs. Badger, chairman of Program Committee, reported programs completed and sent to Secretary of Literature.

The following motions prevailed:

That, the interest from the Perpetual Membership Fund be drawn annually and entered in the Treasurer's Book to the credit of the Branches, the money sent in the regular way to Mr. Staley and receipts to the Branches.

That, we have our own W. H. M. S. Tither's League Cards.

That, we have the collapsible Blessing Boxes made that had been ordered by the Board.

That, Mrs. Woodford's salary be \$600.00 a year and board; Mr. and Mrs. Andrew, \$1020 a year and board; our teachers at Pine Ridge \$50.00 a month and board during school term and \$50.00 a month during vacation. The length of the vacation to be governed by conditions at Pine Ridge.

That, Mrs. Premier be paid \$50.00 a month and board.

That, the boy's dormitory at Pine Ridge be called the Green Garrett Dormitory.

That, Mrs. Gilligan be authorized to borrow \$2,000 from Baker-Watts to pay building debts at Pine Ridge.

A legacy of \$700.00 was bequeathed to the Woman's Home Missionary Society by Mrs. Roach, of Indiana. Mrs. Rhoads and Mrs. Stanton, of Indiana Branch, were instructed that this money be sent to our Executive Treasurer to be used as a memorial at Pine Ridge in any way that Indiana Branch might suggest.

That we continue our four pages in the Missionary Record until Board meeting. The rates being \$4.50 a page.

That, the Board meeting be held in Indianapolis, Friday, March 8, 7:30 p. m., and that the Executive Committee meeting be on the same day at 10:00 a. m.

Mrs. Dixon and Mrs. Hammer were appointed to attend the closing exercises at Pine Ridge School.

That, salaries must have preference over other expenses, and that salaries for the month must be paid before the 15th day of the following month when the condition of the treasury will permit.

That, the secretary write Dr. Shipley, secretary of the Maryland Annual Conference, asking for Dr. Woodford for another year.

That, as Thanks Offering is not designated it could be used to make up any deficit in a Branch apportionment, but could not be used toward Perpetual Membership.

That, the bill for framing poster in the Woman's Board room, 516 N Charles St., Baltimore, be paid.

At the April meeting both Mrs. Dixon and Dr. Woodford spoke of the need for a High School building at Pine Ridge. Dr. Woodford brought plans for a combined high school and chapel. The Committee decided that a combined chapel and high school was not desirable and as there was no money in the treasury, the building of a high school must be brought to the Board meeting for definite action.

That, Miss E. G. Brown, our worker at Empire, Ohio, be paid \$100.00 per month, which provides for a salary of \$50.00 and living expenses.

Other literature and publications—2500 letterheads, 2500 envelopes, 5000 Star Cards, programs.

Circulars—Does It Pay, and By Paths of Service, 5000 Tither's Cards, 1000 Home Circle Programs, 1000 Buds of Hope Certificates.

Motion prevailed, that a year's subscription to the Methodist Protestant and Missionary Record be given Miss Brown.

We recommend, that we affiliate with the "Council of Women for Home Missions", Dues \$5.00 when receipts are not over \$25,000 annually, and that a delegate be appointed to attend the Annual Meeting.

On motion the following recommendations to be presented at Board meeting.

We recommend, that the following be added to Article 8, as Section 3, in the constitution of the W. H. M. S.

That, the part of the Executive Committee known as Central Committee and which has been performing the business and activities of the Board between sessions, at the proper time be given the name of Central Committee of the Executive Committee with power to elect a chairman and secretary.

MAUDE K. CRAIG,

Secretary Central Committee.

REPORT OF BUSINESS GIRLS' HOME

Our Home for Business Girls is not yet established. There are some difficulties to overcome. It takes a while for some of us to catch the vision—for that reason we have not rushed in establishing this home.

The members of the Maryland Branch are waiting for the opportune moment and then no time will be lost.

The funds are increasing. A financial plan is being worked out whereby we hope to greatly increase the funds.

There are a great many more persons interested this year than ever before.

The financial report for the year is as follows:

Receipts

Pittsburgh Branch	\$ 75.00
North Carolina	43.71
Michigan	50.00
West Virginia	56.00
Indiana	50.00
Washington	100.00
Ohio	100.00
Maryland	1600.00

Total \$2074.71

Respectfully submitted,

MRS. E. A. CRAIG.

REPORT OF MISS BROWN, WORKER AMONG FOREIGNERS IN OHIO

The last of July, 1924, I was sent as the representative of the Woman's Home Missionary Society to open work among foreign people in Empire, Ohio. Our work here began with children's meetings held in the public park on Sunday afternoons during the summer. Eighteen children attended our first meeting and the attendance gradually increased each Sunday. From October to the middle of February the children's meetings were held in the jail, which was the only available place in the town. The largest attendance at the children's meetings has been forty-six.

Through the winter evening Americanization classes for men and women were conducted in the schoolhouse, with the highest enrollment nineteen.

A group of nineteen girls between the ages of eleven and fifteen have been organized into a club which meets weekly.

I have visited in the homes and am teaching English to some of the mothers in their homes.

In February we were able to rent a room of our own, which means much to the advancement of our work. Thus far our little mission is ministering to thirty-one families and sixty-six girls and boys are connected in some way with the mission.

In gratitude I acknowledge my debt to the women of the Woman's Home Missionary Society for the blessed privilege that has been mine during these months; and to Christ, whose Holy Spirit has been my guide and strength, I consecrate anew the life His love bestows.

EMILY GRACE BROWN,

MISS MABELLE SHAFFER'S REPORT

Greetings: After leaving the Board meeting last spring I attended the General Conference three days, then went to the Indiana Branch Meeting; afterward visiting two churches, Muncie and 1st M. P. Elkhart, organized total of 4 Y. L. M. S. with 60 members.

From June 12 to September 6 I worked in the Eastern Conference District.

I visited 34 churches making 44 addresses. Organized 22 W. H. M. S. with 350 members; 5 Y. L. M. S. with 64 members; 5 Y. L. C. with 70 members; distributed 163 Blessing Boxes and 5 quilt plans.

225 letters and 98 cards were written. Expenses were \$186.82; Offerings were \$456.55.

September 8 I visited Pittsburgh Conference and worked in that district the two following weeks presenting our work in 11 churches. Organized 7 auxiliaries with 104 members; 3 Y. L. M. S. with 55 members. Distributing 35 B. B. and 14 star cards.

Total expenses from N. Jersey-Pittsburgh and back to Md., \$63.29.

September 26 I entered the Seminary at Westminster, Md.

In the first part of October I attended the Eastern Conference sessions and helped to organize the Eastern Branch of the W. H. M. S.

The next 7 months were spent in attending school and talking the Woman's Home Missionary Work wherever possible and where invited. A total of 19 places were visited, 2 in N. Jersey, 3 in Washington, 14 in Maryland Conference District. Results were not so noticeable, however I am happy to report 1 W. H. M. S. at Roseland, N. J.; 1 W. H. Missionary Society at Wilmington, Del., and a Y. L. M. S. in 1st Church, Washington, D. C.

Total for the past year, W. H. M. S. 31, members 595; Y. L. M. S. 9, members 130; expenses \$333.43.

Concerning the Eastern Branch I will say that you never will nor ever have organized a Branch that has a more genuinely interested and efficient leadership; I am proud of our people there, they are workers and have proved it by adding at least 120 more members to their number this winter. I have received communication from nearly all of the societies and know that they are deeply interested.

I thank you all for your prayers and your intense interest in the work while I was there.

Respectfully submitted,
MABELLE SHAFFER.

REPORT OF MRS. GREAVES, EDITOR

Dear Madam President and Ladies of the Executive Board W. H. M. S.:

It is with much regret that I find it necessary to write this report instead of presenting it in person. It would be much more satisfactory to me and possibly to you also, if it were otherwise. But since I cannot be present at this annual meeting I must do this "next best" thing.

The increased and increasing interest of our women in the W. H. M. S. Department of the Missionary Record, entrusted to my care, is very gratifying, and would be more so if we could have more space. For several years we had space and begged for material to fill it; now the order of things is reversed. We have material, interesting, helpful and important, and less space than before, in which to place it, since one page of our limited space has been given over to the Young People's Department, having but three pages (and they are small pages) for all other matter. Reports from Executive Officers, Branches, Auxiliaries, various fields and departments of work and workers; letters, incidents, notices, etc. etc. It is true the cost of additional space is a "weighty" argument, but that other argument that "What is worth doing at all is worth doing well", is equally and also weighty. So "here's hoping" that we may see our way to more space in the "Record", and that right speedily. Do give us room to grow if you want us to be at all worth while in our W. H. M. S. Department of the Record.

Very hearty thanks to all the dear workers who have helped so materially to make our Record Department at all worth while. Do, please, keep right on helping! If your communications are delayed in appearing you will know it is because there is no space available and that your Editor re-

grets it more than you do. Look for it in the next issue.

May this Board meeting be the best ever and please see to it that some report of it shall be sent to me before May 20th for publication in the June issue of our Record.

Cordially yours,

MRS. GEORGE GREAVES.

REPORT OF SECRETARY OF TITHER'S AND INTERCESSOR'S

Madam President, Members of the Executive Board and Friends:

I realize as never before that when we have two important questions settled in our Church Life we will have all other questions settled, and first to have all our people filled with the Holy Spirit, and next to be Tithers.

I have been asked several times this year for literature on the subject of Tithing and Stewardship, and I hope that some one will get an inspiration in this Board Meeting to prepare such leaflets, to be sent out to educate our women of the W. H. M. S. I am sure as we take God's plan of paying Him what we owe Him in Tithes and Offerings, (for we do not GIVE Him a cent till we pay our debt to Him) then we can talk about Offerings. I started out in this new field "with fear and trembling", and do not feel that I have been efficient. This new Department in our work does not seem to be clear in the minds of our women, in some Conferences there seems to be three sets of Tither's pledge cards, and one woman told me she was Secretary for the Foreign Branch of Tithers League and it was hard to keep books, but we have a definite work to do—not to write the same name down on different Tither's Pledge Cards, but to influence new folks to become Tithers.

I have sent out the following Pledge-Cards:

Missouri Branch	10
Washington and Virginia	70
Colorado and Texas	110
Oklahoma	10
Michigan	30
Kansas	10
Onondaga	180
Seattle	30
Eastern	220
Texas	100
North Carolina	470
Ohio	420
West Virginia	100
Indiana	130
Pittsburgh	210

Total 2100

Also have written letters to the following:

Mrs. Ella Smith, Miss. Branch.

Mrs. Amanda Hill, Huntington, Tenn.

Miss Willis Boley, Kohoka, Mo.

Mrs. Ethel Bruce, New London, Iowa.

REPORT OF THE SECRETARY OF YOUNG PEOPLE'S WORK

Members of the Executive Board of W. H. M. S.

In the opening of the year the reports were not very encouraging but as the months passed the work grew until at the close of the year it is the very best we have ever had. "For thou, Jehovah, hast made my heart glad thru thy work."

Last year I received reports from five Branch Secretary's of Young People's Work. This year I had reports from ten Branches, eight secretaries sending in reports. It is very important that each Secretary fill in the blank and return to me before the close of our year. A Secretary of young people's work is a director of Young People's Activities. Her duties are so numerous and so varied, covering all the important combined offices of an organization.

I mailed literature to nine branches, for all divisions of young people's work. There were a few leaflets where only a limited supply could be gotten. We do not have enough literature of our own so we must depend on other Denominational Boards for our supply. This applies particularly to Home Circle programs.

The Star Cards were sent to me but I was authorized to forward them to Mrs. T. L. Spease. I kept two hundred of them which I mailed when a request came to me for them.

May we all rejoice in the increased activities of our young people's work, but let none of us be satisfied; no organization or nation can live on its past achievements. This coming year may we all pray, plan then to "commit our way unto the Lord, and trust in Him, and He shall bring it to pass."

MRS. LOUIS S. HOCKENBERRY,
 Secretary Young People's Work.

REPORT OF SECRETARY OF BUDS OF HOPE

With little knowledge of the work and few plans outlined for this department, comparatively little has been done, but with a broader vision of needs, possibilities and responsibilities, it is to be hoped that each auxiliary will see that God's precious little ones are enrolled as Buds of Hope. The report of the year follows:

I have signed and mailed 659 certificates and distributed among branches as follows: Ohio 120, Pennsylvania 124, Indiana 50 Washington 50, Maryland 200, North Carolina 115.

I also sent 500 star cards, before the change was made that the Secretary of Literature should handle them.

Respectfully submitted,

MRS. T. L. SPEAS,
 Secretary Buds of Hope.

REPORT OF SECRETARY OF LITERATURE

The year just closed has been a great year in the Literature Department of the Woman's Home Missionary Society of the Methodist Protestant Church.

REPORT OF SECRETARY OF TEMPERANCE AND MORAL REFORM

It is now nearly seven years since the greatest armed conflict in the history of the world was terminated by the signing of an armistice. Our country is rapidly returning to its normal state, but there are still many evidences remaining of the letting down of the moral barriers which occurred during those trying days.

For instance, do you know that there are today twenty magazines in the United States specializing in sex appeal? This does not include local publications. These magazines, cheap in price, are filled with stories in which the dialogue is profane, salacious and disgusting; in which the situations are immoral in the extreme. There is no reason why we should stand idly by while men with perverted minds systematically corrupt the youth of the nation. Note the fact that salacious books and magazines, gambling, indecent dancing, sensual motion pictures, prize fighting, a perversion of sport, and even to a considerable extent, bootlegging, are in the main an assault upon the young people of the country, upon your daughter and son, and mine, and all but one or two of these assaults are directed against the sanctity of sex and must end, if successfully, in degradation and profanation of the holiest relationship in life, the home ideal which is the very essence of Americanism.

Massachusetts has handled this situation better than any other state and it is believed that a system of cooperation with the Postoffice Department can be perfected during the coming year based upon the "pre-view" policy of Massachusetts which will drive most of these magazines out of the mails.

Upon the stage we find lewdity and nudity running rampant. The language used is profane; every action vulgar; and many shows from beginning to end are ultra-suggestive, to say the least. New York City seems to be finding a solution for this evil. A Citizen's Censorship Committee is contemplated which will review all shows before they are presented to the public with all indecency deleted.

Another question confronting us is: Should women smoke?

If a man cannot give a single good reason why he should smoke, what reason can a woman give as to why she should smoke? It will not make them better physically, mentally or morally. We would not deny to women anything that is right and proper for men to do. But, if men persist in doing that which is manifestly hurtful to them, and which has always been so distasteful to refined, sensitive women, why should women at this late day wish to take it up? We have no doubt that there are some self-respecting women who smoke cigarettes. But they do it in ignorance of the harm it does to them and to their offspring. Our grandmothers—not many of them—used to smoke. Most of the women in those days who smoked waited until they were grandmothers before they began. We recommend this plan to both sexes now.

Five years have rolled around since the United States announced a new policy to the world and in accordance with the Constitution forbidding the manufacture, transportation and sale of intoxicating liquors for beverage purposes, enacted its Volstead Act, designed to carry this Amendment into effect.

It is a pity that prohibition had to have its start under one who, for forty years had been in the liquor business, was a vast owner of distillery

and brewery stock and of hundreds of thousands of dollars of bonded liquors.

The Prohibition Unit should be taken out of the Treasury Department and have no connection with money collecting officers. When the government touches the liquor traffic, it ought to be with the hand of the law in a prosecution, and not with the hand of a money collector. The unit, therefore, should either be an independent bureau under the President, who will be held responsible for this whole prohibition situation from now on until the traffic is as dead as the slave trade; or else under the Department of Justice.

Another quite necessary change is to take the appointment of all subordinate prohibition officers out of the hands of the politicians, for some of the worst appointments ever made in the history of our republic have been by wet and disloyal senators who have purposely secured the appointment in their districts of notoriously wet, unreliable and disreputable men to be prohibition enforcement officers. When they or their friends apply for the position of prohibition enforcement officer, they should be asked and required to answer under oath, "Do you believe in the principle of prohibition as set forth in the 18th Amendment and the Volstead Act as it stands? Can you conscientiously and will you without fear or favor enforce this law to the letter?" And if they cannot answer "Yes," they should be deemed ineligible. The idea that an anti-prohibitionist can be trusted to enforce the prohibition law has been exploded in about every place where it has been tried. A man ought to believe in the purpose of the job he is working at and the methods by which he works.

Yet with all of its shortcomings, prohibition at its worst has been better than license at its best.

Prior to the adoption of prohibition, the annual drink bill of the United States was two and one-half billions of dollars. During and after the war every other nation of the world doubled its drink bill, and undoubtedly we would have done the same had not prohibition come in the nick of time. Thus, five billions of dollars annually that would have flowed into the tills of the liquor traffic are now diverted into the channels of legitimate business. Savings accounts have increased marvelously. Home conditions among the poor have been improved One Thousand percent. Millions of children are now going through high school who formerly were taken out to go to work to supplement the income of a dissipated father. Prohibition has proven itself to be the moral miracle of the Twentieth Century.

Of course, a man can find whiskey now, if he hunts for it. But whiskey is no longer hunting down the man who wants to quit. The gigantic liquor traffic has been reduced to a cringing bootlegger in a dark alley.

Our situation is certainly not a hopeless one. We have made rapid strides along many lines of moral endeavor. And as we continue to battle for righteousness, let us have renewed belief, with Robert Louis Stevenson, in "The ultimate decency of things," and our Faith in God.

REPORT OF COMMITTEE ON WAYS AND MEANS

As the Committee on Ways and Means we wish to offer the following recommendations:

- I. Believing that Prayer is the greatest force in life we suggest that each member of the W. H. M. S. offer prayer for missions each day when the clock strikes twelve, that our prayers may be united.

II. That, because of the increased number of auxiliaries, an assistant to the National Corresponding Secretary be secured, to keep in touch with the new organizations.

III. That each branch and auxiliary at the beginning of the years' work fill offices to correspond with offices in the National Board.

IV. That every branch appoint an "Extension of Work" committee to cooperate with the national director of extension work.

V. That the Branch Secretary of Literature send a personal letter to each auxiliary urging the use of programs in their monthly meetings, with a suggestion that the programs be used before the business is started, also that photos, picture slides, pageants, dramas, posters, and leaflets be used in putting on the program.

VI. That use be made of the talent—as a means of raising money, also the Sunday egg plan, the Mazolo supper (of the Pure Food Corn products), the sale of candy, the Model Laundry, Hershey products, Industrial Educational pictures.

VII. That the department of Tithers' League be changed to that of Christian Stewardship, and that anyone desiring to fulfill the requirements may sign the pledge card connected with the department, whether or not he or she has signed a tithe card previously.

VIII. That each auxiliary obligate itself to have created in its local Sunday School, the office of a Missionary Superintendent, the same to be allowed the privilege of putting on a monthly program.
